Education

MCA Master of computer application   **Dec 2021 - June 2023**
Government College Of Engineering(CGPA of 7.43)   *Aurangabad, India*

B.sc Computer Science   **June 2018 - April 2021**
K.V.N Naik College(percentage: 72.20 %)   *Nashik, India*

Skills

Technical Skills: Core Java,OOPS, Advance Java, JSP, Servlet, Hibernate, Javascript, HTML, CSS, SQL, DBMS
Database: MySQL, PostgreSQL
Tools: Git, VsCode, Eclipse,IntelliJ
Soft Skills: Problem-Solving, Teamwork, Adaptability, Creativity

Projects

To Do Web Application | JSP, Advance Java ,Servlet, MySQL,HTML ,CSS

- TaskMaster is a dynamic and efficient To-Do application developed using JavaServer Pages (JSP) and Servlet technologies. This project aimed to provide users with a robust task management solution while showcasing technical prowess through the use of advanced web development techniques and best practices
- **Features**:Demonstration of proficiency in JSP, Servlets, and MVC architecture.

Electricity Billing System | Core Java,Awt ,Swing, Mysql

- The Electricity Billing System is a comprehensive desktop application built using Java's AWT (Abstract Window Toolkit), Swing, and MySQL database technologies.
- **Features**:Implement the concept of core java,Exception handling.

Turf Playground Booking System | PHP, HTML ,CSS, Bootstrap, MySQL, JavaScript, Ajax.

- This project was designed to provide a convenient and efficient platform for users to reserve and manage bookings for turf playgrounds, demonstrating proficiency in web development technologies and responsive design.
- **Features**: Implement caching using redis.

EXTRA-CURRICULAR ACTIVITIES

- Solved more than 100 problems on different coding platform
- 36Th District Science exhibition Runner up

Coding Profile

- Github
- CodeChef

Certification

- Master Diploma in Full stack Developer (Under Way)
- Java for Beginners & Java Basic |Udemy ,Hackerrank
- SQl Basic | Hackerrank
